

DOOSAN

Industrial Air

ROTARY AIR COMPRESSORS: D75 & D100

Oil-Flooded | Fixed Speed

Our industrial air compressors are designed to perform with larger, more durable components and simpler designs. The result? Industry-leading machines with the reliable, consistent flow output the job demands.

Put the power of air to work.

- Top tier flow rates, resulting in more air for your money
- Long life TEFC induction motors for increased uptime & decreased lifecycle cost
- Doosan ICS controller with 7" LCD screen: easy to use touchscreen with high definition color graphic display

Rugged Reliability

Energy Efficiency

Value

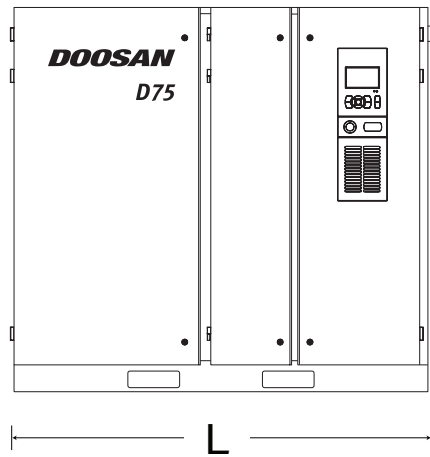

A Proven Name

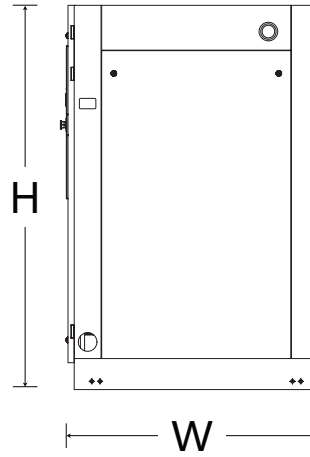

Doosan Industrial Air delivers value.

- Equal or better performance at a significantly lower initial investment cost than other premium brands
- Robust market-leading warranties
- Aggressively-priced maintenance parts to keep your machine up and costs down
- 24/7 technical support from our team of product experts based in our Statesville, NC factory
